

```
#include <stdio.h>
```

```
int main() {
```

```
    char name[50];
```

```
    printf("Enter your name: ");
```

```
    scanf("%s", name);
```

```
    printf("Hello, %s! Welcome to C programming.\n", name);
```

```
    return 0;
```

```
}
```
